Experience Letter

Date: 18/10/2023

This is to certify that **Rajiv Kapoor**, was inducted in TechPulse Innovations on **18/10/2021**. He worked as **a civil engineer** and worked with our company for **2 years**.

During Rajiv Kapoor 's tenure with our engineering firm, he has consistently demonstrated exceptional expertise in engineering principles and a client-focused approach.

Key Responsibilities and Achievements:
- Designed and supervised the construction of various structural projects, ensuring compliance with industry standards.
- Managed construction sites and coordinated with contractors and other stakeholders to meet project deadlines.
- Conducted thorough engineering analysis and provided innovative solutions to complex problems.
- Collaborated with clients to understand project requirements and deliver on their expectations.

We have found Rajiv Kapoor to be highly skilled in engineering and an invaluable member of our engineering team. His ability to work on a diverse range of projects, navigate the complexities of civil engineering, and ensure compliance with industry standards has significantly contributed to the success of our projects.

Moreover, Rajiv Kapoor has consistently demonstrated a high degree of professionalism, reliability, and commitment to his engineering responsibilities. His ability to provide essential engineering guidance to clients and contribute to project success has been exceptional.

Rajiv Kapoor has been an essential member of our engineering firm, and we are confident that his skills and experience will continue to contribute to his success in his future engineering endeavors.
